DAMAGE TO A GREAT INDUSTRY.
On a cabbage patch in Connecticut the hail came down like falling stars, and according to the estimates of experts who visited the scene of the disaster next day and computed the damage, that unexpected and unprecedented hailstorm caused a loss of nearly half a million.

Copy for "changes" in advertisements **MUST** be sent in before 2 o'clock on the previous day.

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

Will The Bulletin please tell us who General George Mead was?

Mr. John Bartram, an employe at the Keystone Commercial Company's plant, fell the other day and broke a bone in his left hand.

Dr. A. H. Wall, Major and Mrs. Thomas J. Chenoweth, Dan Ferrine and John W. Boulden returned last night from the reunion of Morgan's Men at Parks Hill.

Mr. C. T. Marsh, the Melon King of Charleston Bottom, bowled into The Ledger Sanctum this morning bearing a watermelon as big as a barrel and as juicy as a Japanese war report. Many thanks.

It would be gratifying if some people had sense enough to know where they live. An advertisement was sent to THE LEDGER a day or so since, directing inquirers to call at "711 East Third street." There is no such number in the city.

There is as much necessity of a Doctor fitting your shoes or hat as there is in having him fit your Glasses. When in need of Glasses come to us; we will give you an accurate fit without exorbitant charges for your Glasses. A perfect fit guaranteed.

M. C. RUSSELL CO.

DAVID BURNETT.

The venerable David Burnett died Wednesday at the home of his son, Leonard, at Moransburg.

He was 75 years of age and leaves four children—one son, Leonard, and three daughters, Mrs. Thomas Stevens, who lives near Moransburg, and Mrs. William Wallace and Mrs. John Borish of Covington.

The funeral took place last afternoon, the interment being in Charleston Bottom Cemetery.

JOHN POLLITT.

Mr. John Pollitt, mention of whom was made in yesterday's LEDGER, died from his injuries yesterday morning at 2:30 o'clock.

He was a son of Mr. R. H. Pollitt of this city, and was born in Mt. Gilead, being at the time of his death 42 years old.

He was attending the Great Western races at Decatur, Ill., and was driving the trotter L. B. Thomas in the 2:27 race. In some way Mr. Pollitt was thrown from the sulky, the horse falling on him, inflicting injuries which resulted in his death as above stated.

His father and Mrs. Ernie White of this city and Mrs. Sudie Holmes of Carlisle left Wednesday afternoon for Decatur, reaching his bedside before he died.

He will be buried in Bloomington, Ill., at 10 o'clock tomorrow morning, by the side of his wife, who preceded him to the grave several years ago.

He leaves three sons.

FRANK WISE.

Mr. Frank Wise, one of Maysville's oldest citizens, died last evening at the home of his son, Walter Wise, at Newport, at the age of 74 years and 9 months.

Surviving him are seven children—Charles E., William and Robert Wise of this city, Mrs. Sallie Drago of Minerva, Mrs. Mollie Long, James and Walter Wise of Newport.

The remains will be brought to this city this afternoon for interment, the time for the funeral not yet having been set.

Board of Education

The Board of Education met last evening, President Sallee in the Chair.

There were present Messrs. Davis, Taylor, Hutchins, Poyntz, Schwartz, Russell, Calvert, Nesbitt and Ryder.

The resignation of Miss Nettie B. Roe, Second Assistant in District No. 2, was tendered and accepted.

Mrs. Anna Frazee Ball was nominated and unanimously elected as her successor.

THEN AND NOW

Some of the Things That We Had in the Long Ago

Eighty-five years ago these parts—with the exception of Limestone and Washington—were almost an unbroken wilderness.

The pioneers of those early days, who blazed the way for the march of Western civilization, were a noble race of people, inured to the hardships and dangers of their environment.

Their manners and customs were somewhat of the medieval order—crude and unostentatious, but in accord with the requirements of the times.

What of the amazement of the settler of nearly a century ago could he return today and look upon the transition that has taken place.

He could scarcely believe his own eyes.

The sciences of the Twentieth Century were not even a dream.

Mother Shipman in later years, where she speaks of girdling the world with bands of steel and sailing through the air in ships, was classed as an evil spirit and a witch.

Yet her predictions have been more than verified with the telegraph, railroads, telephone and airships.

The manner of burying the dead eighty-five years ago was of a more solemn and impressive character than it is today.

There was no pomp or outward display, the coffin rested upon a bier and the body was borne to its last resting place by pall-bearers and the cortege of mourners and friends following on foot behind.

The fire department consisted of a bucket brigade.

Each member was provided with a leather bucket and by passing the buckets from one to another—a fire line it was termed—the fire was fought.

There is an old faded paper in the archives of the Mason County Historical Society that is a mute witness of the then early day.

It bears date of 1819.

There had been a fire here and the Washington Company came to assist in putting it out.

In some manner one of the leather buckets of the Washington boys got lost and a bill for \$3 was made out against the Town Trustees and the same was promptly allowed and paid.

Those were good old days, but very few of today would return to them of choice.

Thomas W. Ewing, aged 78, died Wednesday at Owingsville of consumption.

Miss Mary Henderson, after a six years residence here, has gone to Ripley.

Mr. Charles Burgess Pearce, Jr., has been quite ill at his home near Bradyville, O.

Mr. Ben Davis is one of the incorporators of the J. Eisman Company, formed at Portsmouth for the manufacture of clothing. The firm is capitalized at \$50,000.

Mr. W. H. Ball of Cincinnati, formerly of Ball, Mitchell & Co. foundry in this city, has purchased the Enterprise Machine Works at Manchester of John Norris.

The Chesapeake and Ohio and the Norfolk and Western Railroads have made a reduction on the freight rate of steam coal from the mines to the territory included in the Cincinnati district. The reduction is 15 cents on the ton and is made to meet the Louisville and Nashville cut on nut and slack coal several weeks ago. The reductions of the C. and O. and the N. and W. are on steam coal only.

The purest Paris Green at the lowest price is at Ray's Drugstore.

Miss Alice Robertson, daughter of Mr. and Mrs. Ed. Robertson of near Minerva, who has been so critically ill, is improving.

The Dover News says: Rev. H. T. Musselman of Maysville preached two interesting sermons at the Baptist Church Sunday. He had a call to fill an Eastern pulpit during his vacation, but he decided to remain at home and do work among the Pastored Churches in the Bracken Association.

The funeral of the late William Johnson, son of Mrs. James H. Johnson of this city, occurred Tuesday afternoon at 3 o'clock from his home in Los Angeles, Cal., the interment being in the Cemetery at that place. Mr. Johnson was a confirmed member of the Episcopal Church, and the funeral was conducted in the service of that denomination.

There was a good crowd at the Vanceburg Fair yesterday, and the show of stock is said to have been exceptionally good. Quite a number from this city were in attendance and more will follow today.

The funeral of Mrs. Nannie Pollitt will occur at 1 o'clock this afternoon from the home of her son, Mr. George Pollitt, in East Second street, the Rev. Hall Pollitt of Germantown conducting the services. The interment will be in Mt. Olivet Cemetery.

Auditor Hager has addressed a letter to Attorney General Hays, asking his opinion on the constitutionality of the Act of the last Legislature appropriating \$15,000 annually to the Agricultural and Mechanical College for the liquidation of its present indebtedness.

At last the Board of Trustees of Dover have been officially notified that the brick plant is to be moved to Ripley. It seems that the former place offered substantial inducements for the location of the plant in the first place, and litigation is likely to follow its removal.

As a matter of fact, no "sheeting" will be used in the construction of these buildings, as that is a commodity handled by drygoods stores.

THE average weekly rate of wages in the United States is 179% and in Great Britain 100%. It marks the difference between Protection and Freetrade.

THE HON. CHAMP CLARK, who appears to have developed into a bullying blackguard since he got into Missouri and Congress, ought to return to Kentucky and take a few lessons in common decency.

THE element which leads and dominates the Democratic party today stands not for Tariff for Revenue, but for ultimate Freetrade. There is no use trying to dodge that fact. The work-ingmen of America must take note of it.

CHINA and India are "cheap" countries. Human labor is held very low in these lands and the result is that the masses are constantly steeped in poverty and menaced by starvation. In spite of the so-called cheapness the people do not get things.

BALFOUR, the Prime Minister of England, in a speech delivered at Sheffield, declared that COBDEN, the apostle of Freetrade, was "a great man, but he failed to foresee the developments of the last half century which had made Free-trade an empty name and a vain farce."

THE auspicious and momentous fact is that never before in the history of the world has comfort been enjoyed, education acquired and independence secured by so large a proportion of the total population of the world in the United States of America. That has occurred under Protection.

JOSEPH CHAMBERLAIN, the great English statesman, in a recent speech to Englishmen, declared that Freetrade was "a suicidal course. If you proceed in the present policy your work-men must either take lower wages or lose their work." The Democratic party would have us take up the policy which England is getting ready to discard.

THE Church folk are now arguing the whisky question from one end of the land to the other, and men-about-town are somewhat drawn into the frazzled edge of the controversy. It reminds The New York Press of a story—

"Whisky," said the teetotaler, banging the deadly fourth rail with his heel, "is the vilest drink on earth and the most dangerous. That's what killed IKE STRUTHERS!"

"IKE STRUTHERS ain't dead," said PERK GUMMINS; "I saw him out in the mountains the other day."

"Well, no difference," stormed the teetotaler, "whisky is what will kill him."

"I don't see how it can, for he never tasted a drop of it in his life."

"Oh, well, it's what will kill him if he ever drinks it. You are so durned particular a temperance lecturer can't talk to you."

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'em'—yes—a wigwagging squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder about the same length of a tape-worm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

The Handsomest Calendars Ever
Shown in This City

The business man who spends his money in Mayesville, simply puts that money into the hands of people who will in turn spend it with him again.

Did you ever think of that?

The business man who spends his money for printing in Louisville, or Cincinnati, or Chicago, or New York, puts that money into the hands of people who never did, nor ever will, spend a dollar in his store.

Did you ever think of that?

Now, in order that a good deal of this money may be kept at home, and spent by home workmen and home employers with home merchants, The Ledger Printery has secured the handsomest line of Calendars ever seen in this city, with a price limit to suit every need.

Mr. Richard L. Miles, The Ledger Printery's expert Printer, will call on you in a few days, dazzle your eyes with the beauties and tickle your bank account with the prices.

The game of baseball yesterday afternoon was attended by a large crowd. The home team put up a snappy, vim and vigor game and played ball all the way. The Flemingsburg boys are good ball players, but they evidently had a day off, for their playing was certainly bum and sloppy. The score was 21 to 3 in favor of Maysville.

Gage 4.7 and falling.

The Lizzie Bay will pass down today.

The Tacoma passed up last night for Pomeroy.

Arkansas river is almost dry in many places and navigation is almost entirely suspended.

The W. W. O'Neill has been let off the Queen City Marine Ways after undergoing her annual repairs.

The Resolute arrived at New Orleans a few days ago with 100,000 bushels of Alabama coal and a barge of nails.

During the low water season the Lizzie Bay is taking the place of the Henry M. Stanley in the Cincinnati and Pomeroy trade.

Heavy rains during the past two days have caused slight rises at the headwaters of the Monongahela and Allegheny rivers.

The repairs to the Exporter have been completed at Pittsburgh. The J. B. Williams and the Sprague are also undergoing improvements.

The Government snagboat E. A. Woodruff is somewhere between Paducah and Evansville. The snag extractor is working her way down the Ohio river and cleaning up everything in the river that is dangerous to navigation.

To run the independent packet out of the Cincinnati-Louisville trade, which she entered to compete with the Levi J. Workum, the White Collar Line has already made a substantial reduction of rates between the two points. The war between the boats is the result of the White Collar Line recently invading the Ben Hur's up-river territory.

Maysville Commandery No. 10, Knights Templar, will have four representatives at the big Triennial Conclave in San Francisco—Judge Lewis Apperson of Mt. Sterling, Judge Kenton of Mt. Olivet, Mr. John Marshall of Sardis and Mr. N. S. Calhoun of this city. The two latter will leave Maysville Monday.

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily, and each dose added health and strength. I am so thankful for the help I obtained through its use."—Mrs. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

FREE MEDICAL ADVICE TO WOMEN.

Women would save time and much sickness if they would write to Mrs. Pinkham for advice as soon as any distressing symptoms appear. It is free, and has put thousands of women on the right road to recovery.

The Rev. T. DeWitt Talmage says—

"A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprising community. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."

AN EDITOR'S EXPERIENCE

In the Treatment of Humours with More Than Magical Effect with

CUTICURA REMEDIES.

A Remarkable Testimonial from a Most Intelligent and Trustworthy Lady.

"A tumor came on my neck and in a day or two it was as large as half an orange. I was very much alarmed for fear it was malignant. My friends tried to persuade me to consult my physician; but dreading that he would insist on using the knife, I would not consent to go. Instead, I got Cuticura Resolvent and Cuticura Ointment. I took the former according to directions, and spread a thick layer of the Ointment on the swelling. On renewing it I would bathe my neck in very warm water and Cuticura Soap. In a few days the Cuticura Ointment had drawn the swelling to a head, when it broke. Every morning it was opened with a large sterilized needle, squeezed and bathed, and fresh Ointment put on. Pus and blood, and a yellow, cheesy, tumorous matter came out. In about three or four weeks' time this treatment completely eliminated the tumor. The soreness that had extended down into my chest was all gone, and my neck now seems to be perfectly well.

"About five or six years ago my sister had a similar experience, used the Cuticura Remedies with magical effect. I am willing you should use my testimony, with the further privilege of revealing my name and address to such persons as may wish to substantiate the above statements by personal letter to me." Chicago, Nov. 12, 1902.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 50). Ointment, 50c. Soap, 25c. WILL SHORTLY WED
William O. Butler Green to Marry a Mexican Lady

A wedding in which many Maysvillians will be interested is that of Mr. William O. Butler Green, son of the late Thomas M. Green, formerly of this city, and Miss Ruth Barto of Mexico.

They had expected to be married in Columbus, O., at the home of the bride's grandmother, but on account of her serious illness the wedding will probably take place at the home of Mr. Green's sister, Mrs. Clarence K. Crawford, in Louisville.

Only the nearest relatives will be present on account of the recent death of the groom's father.

Miss Barto is the daughter of Mr. and Mrs. H. D. Barto of Menatitan, Vera Cruz. She has been living in Mexico for several years on her father's coffee plantation.

Mr. Green is a Kentuckian who for the past sixteen years has been living in Mexico. He is a civil engineer, and as Superintendent of Construction has done brilliant work on the Pan-American Railroad.

The wedding will take place on September 15th.
